SECTION III—VOLUME OF CORRESPONDENCE.

The Commission dealt with 4,83,227 references during the year under report as against 4,88,434 references during the preceding year.

Apart from informal meetings held once a week on Wednesdays, the Commission sat on 159 days during the year (including Saturdays) to conduct oral test as against 131 days during the preceding year. The Commission constituted three Boards on 100 days, two boards on 31 days and single board on 28 days for the conduct of the oral tests. On 146 days out of 159 days the Commission held two sessions each day, one in the Fore-Noon and the other in the After-Noon.

SECTION IV—WRITTEN EXAMINATIONS.

(i) Special Tests.

The Commission conducted Special Test Examinations in May and November, 1978 at 20 centres. There were 17,392 candidates for the May 1978 Examination and 17,124 candidates for the November 1978 Examination as against 18,548 and 18,519 candidates respectively for the corresponding examinations in the preceding year. An analysis of the results is given in Appendix (A).

(ii) Departmental Tests.

The Commission conducted Departmental Test Examinations in May and November 1978 along with the Special Test Examinations. There were 9,342 candidates in May 1978 and 10,302 candidates in November 1978 as against 10,075 and 10,462 candidates respectively for the examinations held in the corresponding months of the preceding year. An analysis of the results is given in Appendix (A1).

(iii) Half-Yearly Examination and Language Tests for Assistant Collectors, Police Officers and Forest Officers.

The Commission held these examinations in September 1978 and March 1979. The tests for which the examinations were held, the number of candidates for each of these tests, and an analysis of the results are given in Appendix (A2).

(iv) Proficiency Test in Tamil for I.A.S., I.P.S. and I.F.S. Officers borne on Tamil Nadu Cadre, whose Mother-tongue is not Tamil.

The Commission conducted this examination (which comprises both written and oral) in July 1978. The only I.A.S. Officer, who appeared for the examination passed the examination and qualified for the monetary award of Rs. 1,000.

(v) Qualifying Examination for selection of candidates for admission to the Rashtriya Indian Military College, Dehra Dun.

The Commission conducted this examination on behalf of the Government of India, Ministry of Defence in August 1978 and February 1979. The number of candidates who appeared for this examination were 21 and 22 respectively. One candidate was selected from the examination held in August 1978 and no candidate was selected from the examination held in February 1979.

(vi) Short-listing Examinations.

The Commission also conducted two short-listing examinations in February 1979 to restrict the number of candidates to be summoned for the oral test for direct recruitment to the post of Librarian in the Tamil Nadu Legislative Assembly Secretariat Service and to the post of Superintendent, Service Homes in the Department of Social Welfare in the Tamil Nadu General Subordinate Service.

SECTION V—DIRECT RECRUITMENT TO THE STATE AND SUBORDINATE SERVICES.

(A) Direct Recruitment by Competitive Examination comprising an Oral Test only in the shape of an Interview during 1978-79.

(i) *Recruitment to State Services.*

During the year under report, the Commission selected 1,774 candidates by competitive examination comprising an oral test in the shape of an interview for direct recruitment to 23 classes of posts in the State Services. The posts for which the selections were made are given in Appendix (C).

(ii) *Recruitment to Subordinate Services.*

During the year under report, the Commission selected 110 candidates by Competitive Examination comprising an oral test in the shape of an interview for direct recruitment to 18 classes of posts in the Subordinate Services. The posts for which selections were made are given in Appendix (C1).

Extracts of reports received from the experts on the technical attainments and performance of the candidates at the oral test, wherever furnished, are given in Appendix (B).

(iii) Psychology.

(iv) Elements of Commerce.

(v) Elements of Economics.

4. The performance of the candidates in the following subjects was poor:—

(i) Elements of Politics.

(ii) Geography.

(iii) Logic.

(D) COMPETITIVE EXAMINATION FOR RECRUITMENT TO GROUP VI SERVICES 1978.

SUMMARY.

While the performance of the candidates in English, General Knowledge Paper II, Mathematics—Paper I and II, Physics, Chemistry, Botany and Zoology was generally satisfactory, in the case of General Knowledge Paper-I and Mathematics (Optional) their performance was poor.

(E) COMPETITIVE EXAMINATION FOR DIRECT RECRUITMENT TO POSTS INCLUDING GROUP VII SERVICES (DEGREE STANDARD) (TAMIL NADU HINDU RELIGIOUS AND CHARITABLE ENDOWMENTS SUBORDINATE SERVICE—EXECUTIVE OFFICERS, GRADE II AND III) 1979.

SUMMARY.

The performance in the subject General Knowledge was below average.

The performance in the subjects இந்து மத இணைப்பு விளக்கம் and English Composition was not up to the mark and satisfactory.

(F) COMPETITIVE EXAMINATION FOR RECRUITMENT TO GROUP IX SERVICES, 1978.

SUMMARY.

The majority of the examiners who valued the answer papers in English were of the view that the performance of the candidates showed lack of originality and lack of vocabulary resulting in rather poor performance. Many of the examinees were not able to understand the subject given in the poem in the question paper. A few examiners have however rated the performance as average.

The performance of the candidates in General Knowledge was very poor. Many candidates had drawn freely from their imagination. The candidates who wrote in Tamil Medium had done better than those who answered in English.

(G) SPECIAL TESTS—MAY AND NOVEMBER 1978.

The performance of the candidates in a majority of tests was satisfactory. Mechanical reproduction from the books, lack of adequate preparation and understanding of the spirit of the questions and lack of expression were some of the factors leading to the poor performance of some candidates.

The performance of the candidates who answered some tests in Tamil was better than that of the candidates who answered in English.

(H) DEPARTMENTAL TESTS—MAY AND NOVEMBER 1978.

While the performance of the candidates in some of the Departmental Tests was satisfactory, it was not so in the case of several tests. Copying verbatim from books without answering to the point, lack of adequate preparation, lack of proper understanding of the questions, poor expression and irrelevant answers were some of the defects pointed out by the examiners.

I. A list showing the Howlers pointed out by the examiners in their reports on the performance of the candidates in the various competitive examinations are given in Appendix (B1).

SECTION VII—RECRUITMENT TO THE STATE SERVICES BY TRANSFER FROM THE CORRESPONDING SUBORDINATE SERVICES.

During the period under report the Commission ~~with~~ dealt with 84 references relating to recruitment by transfer to State Services mentioned below from the corresponding Subordinate Services and drew up lists of qualified and suitable candidates.

1. Tamil Nadu Agricultural Service.
2. Tamil Nadu Animal Husbandry Service.

Station Fire Officer	5	321	298	5

(iii) During the year 1978—79, no vacancy has been reserved for Scheduled Castes and Scheduled Tribes in the post of Forest Apprentice included in Group VI Services. The number of candidates applied and admitted to the written Examination held during the year under report were 9 and 3 respectively. But no candidate was selected to the post.

(iv) During the year 1978—79, two vacancies have been reserved for Scheduled Castes and Scheduled Tribes for the post of Executive Officer, Grade IV included in Group VIII Services. The number of candidates applied and admitted to the written examination held in November 1978 were 577 and 443 respectively. The total number of candidats selected to the post was 2.

SECTION IX—PAUCITY OF QUALIFIED AND SUITABLE CANDIDATES FOR CERTAIN POSTS.

(*a*) There were no qualified and suitable candidates for appointment to the following posts ;—

STATE SERVICES.

1. Research Officer in the Office of the Director of Evaluation and Applied Research in the Tamil Nadu General Service.

2. Port Officer in the Tamil Nadu Port Service.

3. Lecturer in Textile Chemistry in the Institute of Textile Technology in the Tamil Nadu Educational Service.

4. Special Officer in the Regional School of Printing, Madras in the Tamil Nadu Educational Service.

5. Lecturer (Gazetted) in Data Processing Engineering in Government Polytechnic for Women, Madras in the Tamil Nadu Educational Service.

SUBORDINATE SERVICES—*Nil.*

11. Class III Posts, viz., Senior Accounts Officer in the Tamil Nadu Treasuries and Accounts Service.	3	9	2
12. Lecturer (Gazetted) in the following Engineering subjects in the Government Polytechnic in the Tamil Nadu Educational Service.			
(a) Mechanical Engineering	3	1	1
(b) Electrical Engineering	2	3	2
(c) Civil Engineering	2	1	1
(d) Electronics	3	4	3
(e) Instrument Technology	1	3	1
13. Lecturer (Gazetted), in English in the State Institute of Commerce, Education in the Tamil Nadu Educational Service.	1	3	1
SUBORDINATE SERVICE.			
14. Statistical Assistant in the District Tuberculosis Centres in the Government Head Quarters Hospitals in the Tamil Nadu Medical Subordinate Service.	1	1	1

SECTION X—NEW MEASURES TAKEN BY COMMISSION.

The Government have permitted the Commission to open a Personal Deposit Account at Reserve Bank of India, Madras so as to enable it to make payments by cheques and drafts to the Chief Superintendents appointed for conduct of the various examinations and to examiners and to Experts for various examinations and recruitments. The remuneration for setting question paper, valuing anwer books and conduc ing oral tests, the sitting fee for assisting the Commission in the interviews and the Travelling Allowance and Daily Allowance, for attending Central Valuation or examiners meetings are paid to the examiners and experts by means of an 'Account-Payee' cheque by the P.D. Unit of the Commission. The P.D. Account unit is functioning from 1st February 1979.

SECTION XI—STATUTORY RULES AND REGULATIONS, ETC.

(i) PROMULGATION AND AMENDMENTS.

During the period under report, there were 362 cases of issue of statutory rules or amendments to them by the Government. In respect of 258 of them, the Commission was consulted before the Rules were issued. Of the remaining 104 cases, 55 were of a routine nature. Excluding such routine cases there were 49 cases in which the Commission was not consulted. However, those cases related either to posts excluded from the purview of the Commission or to matters in respect of which, under Article 320 (3) of the Constitution of India, consultation with the Commission was not necessary.

(ii) RELAXATION.

During the period under report there were 457 cases in which Statutory Rules were relaxed by the Government. According to the particulars so far furnished by the Government Orders of relaxation were issued in 5 cases in respect of the provision of the Fundamental Rules, 7 cases in respect of Travelling Allowance rules, 3 cases in respect of the provision of General Provident Fund Rules and 41 cases in respect of Rules relating to pension matters.

(iii) TEMPORARY APPOINTMENT.

1. *State services.*

The Commission accorded its concurrence for the continuance beyond three months of the temporary appointments in 555 cases, beyond one year in 442 cases and beyond 18 months and above in 1,807 cases in the State Services for the year ending 31st March 1979.

2. *Subordinate Services.*

During 1978-79, there were 599 cases in which the Commission ratified the continuance beyond 3 months of the temporary appointments relating to Subordinate Services made by the appointing authorities in the various Departments of the Government.

In a large number of cases, the appointing authorities failed to report the temporary appointments to the Commission as soon as they were made.

In 285 cases, the Commission ratified the continuance of the temporary appointments relating to Subordinate Services beyond a total period of one year with reference to Regulation 17(2) of the Tamil Nadu Public

Service Commission Regulations, 1954. In some cases, it was found that the appointing authorities concerned did not at all approach the Commission for its first concurrence as required in Regulation 17(1) of the Tamil Nadu Public Service Commission Regulations, 1954; but reported the temporary appointments made by them after they were continued for more than one year with a request for the Commission's concurrence.

There were 94 cases in which the Commission ratified the continuance of the temporary appointments beyond 18 months as required in Regulation 17(3) of the Tamil Nadu Public Service Commission Regulations, 1954. There were 56 cases in which the Commission ratified the continuance of the temporary appointments beyond twenty four months. The Commission also ratified the continuance of the temporary appointments beyond thirty months and further periods in 59 cases. In many cases it has been found that neither the Head of the Department concerned nor the Government in the concerned Department of the Secretariat, who alone can approach the Commission for its 3rd concurrence as required in G.O.Ms. No. 1536, Public (Services-M) Department, dated 13th May 1975, and in Regulation 17(3) of the Tamil Nadu Public Service Commission Regulations, 1954, approached the Commission for its third concurrence promptly.

There were 27 cases in which the Government ratified the action of the appointing authorities in having appointed unqualified candidates in contravention to the Government orders issued in Memo No. 3797/50-2, Public (Services), dated 14th October 1950.

3. *Ministerial Services.*

Concurrence given under the Proviso of the Special Rules.

The Commission accorded its concurrence under the proviso to rule 20(a) (iii) of the Special rule for the Tamil Nadu Ministerial Service for the permanent transfer of 97 personnel from the Department unit to another departmental unit in the Tamil Nadu Ministerial Service.

(iv) Appointments made under Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954.

In the following cases, the Commission's concurrence was sought for and given under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954, for making appointments to the posts without the ordinary statutory reference to the Commission as required under Article 320(3) of the Constitution of India.

SECTION XII—APPEALS AND PROPOSALS FOR DISCIPLINARY ACTION.

The Commission advised the Government on 113 Appeals, 69 Petitions, including Review Petitions, 50 proposals for disciplinary action, 2 references relating to grant of extraordinary pension including injury pension and 20 cases relating to alteration of date of birth (as against 93 appeals, 42 petitions, including Review Petition, 53 proposals for disciplinary action, one reference relating to grant of extraordinary pension including injury pension and 11 cases relating to alterations of date of birth during the previous year).

SECTION XIII—GOVERNMENT AND THE COMMISSION.

(a) Instances Of Deviation From the Commission's Advice.

(1) One of the candidates selected provisionally by the Commission in 1971 for appointment as Health Inspector in the Tamil Nadu Public Health Subordinate Service, subject to his being found to be physically fit, produced his certificate of physical fitness together with a special certificate regading eye-sight. At the instance of the Director of Medical Education, the candidate was placed before the Medical Board as he had a defective vision. The Medical Board which examined the candidate considered him to be physically unfit for appointment as Health Inspector. His provisional selection was therefore cancelled. He was also given one month's time to prefer an appeal against the findings of the Medical Board supported by a medical certificate as evidence of the possibility of an error of judgement in the decision of the Medical Board. He preferred an appeal without the required certificate. The

Commission rejected the appeal stating that he did not produce any evidence to show that there was an error of judgement in the decision of the Medical Board and confirmed the cancellation of his provisional selection. The candidate made a representation to the Government for relaxation of the rule relating to physical standard in his favour. The Government requested the Commission to accord its concurrence for restoring the candidate's name to the approved list by relaxation of the relevant rule relating to physical fitness. But the Commission did not agree to restore the candidate's name to the approved list for the reasons that it would create a bad precedent and that it would not also be in order to appoint a person who was found medically unfit by a Medical Board. The Government were informed of this and they were told that the Commission had, however, no objection to the candidate appearing before another Medical Board, if he preferred an appeal against the decision of the first medical board, supported by a medical certificate as evidence of possibility of an error of judgement in the decision of the first medical board. The Government stated that the candidate would be able to perform his duties satisfactorily, that, in no way, his work was inefficient due to his defective eye sight and that there was no further deterioration of his eyes. They again sought the Commission's concurrence for the relaxation of the rule relating to physical fitness in favour of the candidate. But the Commission reiterated its earlier views. Inspite of the Commission's repeated opinion against the relaxation of rules, the Government relaxed the rule relating to physical standard in favour of the candidate and requested the Commission to restore the candidate's name to the approved list. The Commission informed the Government that, relaxing rules in individual cases without advertising the relaxation clause would not be in conformity with the policy decision taken by the Government themselves that relaxation of rule should not be resorted to in individual cases and when fully qualified and suitable candidates were available in sufficient number and that the Commission did not find any justifiable reasons to restore the candidate's name to the approved list in relaxation of rule relating to physical standard in his favour and requested the Government that the relaxation ordered in the Government Order might be cancelled. The Government explained that the relaxation was ordered on humanitarian grounds for the physically disabled, as a special case, and regretted their inability to cancel the orders issued in the Government Order. The Commission is not opposed to the policy of the Government to show some consideration to the physically disabled persons. All that it reiterates is equity and justice requires that such concession should be made available to all candidates who are similarly placed in life, by announcing the concession in the notification itself instead of showing consideration to individual cases and shutting out similarly placed persons from applying for the post.

The deviation by the Government from the Commission's advice in the above mentioned case is a violation of the convention that the recommendations of the Commission should be accepted in all but

matters of policy or for imperative reason. In this case the Government themselves deviated from their own policy decision and relaxed the rule in favour of an individual, where there is no paucity of qualified and suitable candidates for appointment to the post. The Commission trusts that such a thing will not recur in future.

(2) In May 1971, the Government sought the Commission's views on the disciplinary action taken against a former Assistant Surgeon Thiruvetteeswarar T.B. Hospital, Otteri. The Assistant Surgeon (delinquent) was transferred and posted as Assistant Surgeon, Government T.B. Sanatorium, Tambaram, on 27th June 1968. He joined duty at the Government T.B. Sanatorium only on 11th October 1968 stating that, due to ill-health, he could not join duty and requested that he might be granted compulsory leave and earned leave for the intervening period. The delinquent however again absented himself from duty from 12th October 1968. As the delinquent failed to join duty as directed, disciplinary proceedings were instituted against him for disobedience of orders and negligence of duty by unauthorised absence. The Government provisionally decided to remove the delinquent from service and obtained his representation. The case was first referred to the Commission in May 1971 and again in June 1972. On both the occasions the Commission pointed out certain irregularities in the procedure followed in the proceedings taken against the delinquent. For the third time, the case was referred to the Commission in 1975. The Government at that time, pointed out that the delinquent proceeded on leave on an assurance by the previous Director of Medical Education that the delinquent would be given a revised posting order, that in, the opinion of the Director of Medical Education it was not possible to prove that the deliquent did not send a leave letter and that his claim of having sent an application for leave was false. The Director of Medical Education considered that disciplinary action need not be pursued against the delinquent for his absence from 12th October 1968 to 13th August 1969 but that it would be sufficient if the period of his absence was treated as leave to which he was eligible as the delinquent was on duty continuously after 13th August 1969. The Commission considered that the disciplinary proceedings against the delinquent should be continued as there was ample and acceptable materials to substantiate the charge. The Government carefully examined the case further and held the charges framed against the delinquent proved. They therefore provisionally decided to remove him from service for the charges held proved against him. The delinquent was accordingly directed to show cause against the proposed penalty. The delinquent submitted his representation. In November 1976, the Government against sent the records to the Commission and sought its views. The Commission considered that the evidence on records established the charges. However, in view of the fact that nearly 8 years had gone by, since the commital of the lapses and that the delinquent had been on duty continuously from 13th August 1969, the Commission considered that the ends of justice would be met, if the

increment of the delinquent was stopped for a period of two years with cumulative effect. It accordingly advised that the delinquent's increment be stopped for a period of two years with cumulative effect. The Government did not accept the Commission's advice. They opined that discipline in public administration was very essential as the influence of indiscipline was rather disastrous, that the delinquent had disobeyed the orders of the superiors to serve his own personal ends and that some stringent penalty should be imposed to curb such tendencies on the part of the Government Officials. They therefore passed orders removing the delinquent from service. The well established convention is that the Commission's advice should be accepted in all cases except, where matters of policy are involved or where imperative reasons exist for not accepting the Commission's advice. In the instant case, neither matters of policy nor imperative reasons existed for deviating from the Commission's advice and yet the Government have chosen to deviate from the Commission's advice in violation of the established convention.

(3) The Government in the Agriculture Department in September 1975, sought the views of the Commission on the representaion of one Thiru S.Savadamuthu against the fixation of seniority of Thiru S.Gopalan above him in the post Assistant Agricultural Engineer (Mechanical) in the Tamil Nadu Agricultural Service.

Thiru S. Savadamuthu was selected by the Commission for appointment as Assistant Agricultural Engineer (Soil Conservation) in the Tamil Nadu Agricultural Service and he was appointed as such on 11th June 1959. The post than carried the time scale of pay of Rs.260—500 which was revised in 1960 as Rs. 350—650. Thiru S. Gopalan was selected the Commission for appointment as Head of Agricultural Engineering section in Government Polytechnic, Coimbatore in the Tamil Nadu Edusational Service and appointed as such on 28th January 1959. The post then carried the time scale of pay of Rs. 230—410. Consequent on the abolition of the three year's diploma course in Agricultural Engineering in Government Polytechnic, Coimbatore Thiru S. Gopalan was transferred to the Agricultural Department and was appointed temporarily as Assistant Agricultural Engineer (Mechanical) in the Tamil Nadu Agricultural Service. He was regularly appointed to the post with effect from 12th November 1962 A.N. after obtaining the concurrence of the Commission under the latter part of the Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954 and in relaxation of rule 2 (method of appointment) and rule 5 (qualification rule) of the Special Rules for the Tamil Nadu Agricultural Service. Thiru S. Gopalan was not qualified for appointment to the post of Assistant Agricultural Engineer (Mechanical) as he had possessed only the B.Sc. (Agricultural Engineering) Degree. The qualification then prescribed for the post was B.E., Degree in Mechanical Engineering. The posts of Assistant Agricultural Engineer (Mechanical) (Category

I of Class X) and Assistant Agricultural Engineer (Soil Conservation) (Category 2 of Class X) are the feeder categories for appointment to the post of Divisional Agricultural Engineer. When the Panel of Assistant Agricultural Engineers suitable for appointment as Divisional Agricultural Engineer was approved by the Government in 1965, the claim of Thiru S.Gopalan was not considered for appointment to the post of Divisional Agricultural Engineer, as he had not by then put in five years service as Assistant Agricultural Engineer (Mechanical) as required in the Special Rules for promotion as Divisional Agricultural Engineer. Thiru S Savadamuthu was appointed as Divisional Agricultural Engineer on 13th December 1965. Thiru S. Gopalan represented to the Government for counting his service in the Government Polytechnic towards service in the post of Assistant Agricultural Engineer. His request was complied with, his seniority in the cadre of Divisional Agricultural Engineer was fixed with reference to his seniority in the lowest post and he was appointed as Divisional Agricultural Engineer on 24th April 1968. Thiru S. Savadamuthu, who was affected by the above refixation of seniority, represented to the Government in 1971 and his petition was rejected in G. O. Rt. No. 508, Agriculture, dated 1st March 1972. Again he appealed to the Government in 1973 and the Government requested the Commission's views on the representation of Thiru S. Savadamuthu in 1975.

The Commission, after careful consideration, pointed out to the Government that Thiru S. Savadamuthu was appointed on 11th June 1959 in the post carrying a higher scale of pay of Rs. 260– 500 (i.e. in the post of Assistant Agricultural Engineer Soil Conservation) whereas Thiru S. Gopalan was appointed as Head of Section in Technical Education Department on 28th January 1959 on the sclae of pay of Rs. 230—410 and that Thiru S. Savadamuthu was fully qualified for the post of Assistant Agricutural Engineer (Soil Conservation) at the time of his appointment to that post, whereas Thiru S. Gopalan was not then qualified as he possessed only the B.Sc. (Agricultural Engineering) degree instead of the B.E. (Mechanical) degree prescribed for the post of Assistant Agricultural Engineer (Mechanical). It was also pointed out that the Commission gave its concurrence in 1964 for the regular appointment of Thiru S. Gopalan as Assistant Agricultural Engineer (Mechanical) in the Tamil Nadu Agricultural Service only with effect from 12th November 1962 A.N. and that it did not make any recommendation regarding the fixation of seniority of Thiru S. Gopalan in the category of Assistant Agricultural Engineer. It further pointed out that Thiru S. Gopalan, who was initially recruited for a different service, was taken on transfer to the Tamil Nadu Agricultural Service and that the general principle in such transfers should be to given seniority only from the date of appointment to the new service without affecting the interest of the existing incumbents in the service. It concluded that it would be fair and equitable that Thiru S. Gopalan should take his rank in the category of Assistant Agricultural Engineer

(Mechanical) on the basis of the date of his first appointment to the post of Assistant Agricultural Engineer (Mechanical) viz, 12th November 1962 A.N. and that his seniority in the higher posts also should be revised accordingly.

The Government then stated that, inasmuch as the the services put in by Thiru S. Gopalan in Government Polytechnic, Coimbatore were treated as equivalent to the service in the post of Assistant Agricultural Engineer for the purpose of promotion as Divisional Agricultural Engineer, they refixed his seniority in the category of Divisional Agricultural Engineer with reference to the seniority assigned to him in the lower category of Assistant Agricultural Engineer and with reference to the suggestions made by the then Director of Agriculture, that Thiru S. Gopalan was transferred to the Agriculture Department, not at his own instance, but only at the instance of the Government and that he was already drawing a pay of Rs. 425 at the time of his transfer to the Agricultural Department on par with sevaral other Assistant Agricultural Engineers. The Government concluded that the appointment of Thiru S. Gopalan was not a fresh appointment in the Agriculture Department but was only on transfer, that, with reference to rule 35(b) of the General Rules for the Tamil Nadu State and Subordinate Services, the transfer of a person from one class or category of a service to another class or category carrying the same scale of pay should not be treated as first appointment to the latter category for purposes of seniority and that, in the circumstance stated, it might not be fair to disturb the seniority fixed in the year 1964 at this distance of time.

The first two grounds put forth by the Government that Thiru S. Gopalan, was not a fresh recruit but only a transferee and that he was transferred not at his own cost but at the instance of the Government were immaterial for deciding the question of seniority The stand taken in the 3rd ground that General Rule 35 (b) gives him the right to count for seniority his service in polytechnic was not correct as General Rules 35(b) would apply only to the transfer of a person from one category to another in the same service and not that transfer from one post in a service to another post in another service. Fourthly, though the scales of pay of the posts of Head of section of Government Polytechnic and Assistant Agricultural Engineer were made identical, the scale of pay of Head of Section at the time of Thiru S. Gopalan's appointment to it was less than that of the post of Assistant Agricultural Engineer Moreover, the scale of pay alone could not decide the question of seniority of persons appointed to a category by different methods. The Commission pointed out the above reasons and reiterated its earlier view.

The Government however, issued orders rejecting the petition of Thiru S. Savadamuthu in G. O. Ms. No. 1251, Agricultue, dated 28th July 1978 on the ground that there was no justification or need to revise the

seniority of Thiru S. Gopalan already fixed and place Thiru S. Savadamuthu above Thiru S. Gopalan at this distance of time, especially when the petitions of Thiru S. Savadamuthu for restoration of seniority above Thiru S. Gopalan had been rejected in the year 1972 itself.

In paragraph 2 of the G. O. Ms. No. 1251, Agriculture, dated 28th July 1978, the Government stated that they consulted the Commission in the matter, but they had not specified what the Commission's advice was and why they had not accepted its advice. The wordings in that paragraph seem to suggest that, as it the Commission it self has suggested the rejection of the petition of Thiru Savadamuthu, The Government had rejected the petition of Thiru Savadamuthu. contrary to the advice of the Commission and thus violated the well established convention that the Commission's advice must be accepted in all cases, except where matters of policy are involved or where imperative reasons exist for not accepting the Commission's advice.

The Commission would like to observe with regret that due regard was not given to its advice.

(4) Thiru C. Sekharan (appellant), while working as Panchayat Union Commissioner, Palani, Madurai District from August, 1967 to 4th October 1969, executed schemes relating to eleven community wells. The works as seen from the records were executed between 30th March 1968 and 25th November 1969 It was brought to the notice of the Collector during his tour in Palani Taluk that community wells had been sunk in the lands owned by private parties and that the usual formalities prescribed by the Government in that regard had not been observed by the Panchayat Union Commissioner (appellant) as a result of which those wells were being used by the owners of the lands concerned and the purpose for which those wells were sunk had totally become infructuous. Disciplinary proceedings were instituted against the appellant by the Collector of Madurai. The appellant submitted his detailed explanation. After taking into consideration the explanation submitted by the appellant, the Collector of Madurai held all the seven charges framed against the appellant proved and came to the provisional conclusion that the appellant's increment should be stopped for a period of 6 months without cumulative effect. As the appellant was then working in the Co-operation Department as Project Officer (Agricultural Refinance and Development Corporation Schemes), the Collector of Madurai forwarded the papers to the Registrar of Co-operative Societies for passing final orders. The Registrar of Co-operative Societies, held the charges framed against the appellant proved and passed orders stopping the appellant's increment for a period of six months without cumulative effect. Against this order, the appellant preferred an appeal to the Government.

In July 1977, the Government sought the views of the Commission as to the orders to be passed on the appeal. The Commission, after examining the records of the case, recorded its findings, holding only one charge proved out of the seven charges framed against the appellant. As regards the punishment, the Commission considered that, in view of the fact, that there was material in the records to old proved only one of the seven charges (viz , charge Number-2) irrespective of the incorrect finding of the Collector and in view of the fact that all the wells had been successful and handed over to the Panchayats, the ends of Justice would be met, if the punishment was reduced to one of censure. It accordingly advised that the punishment of stoppage of increment for a period of six months without cumulative effect imposed on the appellant be modified into one of Censure. The Government did not accept the Commission's advice. They stated that they had carefully examined the views of the Commission and that they considered that, giving new points now which were not given at the time of enquiry, was sufficient reason to prove his irresponsibility. The Government therefore considered that the original punishment imposed by the Registrar of Co-operative Societies stopping the increment of the appellant for six months without cumulative effect might stand. They issued orders accordingly in G. O. Ms. No. 481, Co-operative, dated 29th August 1978 dismissing the appeal. The well established convention is that the Commission's advice should be accepted in all cases, except where matters of policy are involved or where imperative reasons exist for not accepting the Commission's advice. In the instant case, neither matters of policy nor imperative reasons existed for deviating from the Commission's advice and yet the Government have chosen to deviate from the Commission's advice in violation of the established convention.

(5) In July 1978, the Government in the Public (I & P.R.) Department sought the concurrence of the Commission to their proposal to exclude the posts of special Assistants to Collectors (I & P.R.) from the purview of the Commission. The main reason put forth by the Government for the exclusion of the above post from the Commission's purview was that field experience played a vital role in the prompt execution of the work assigned to the above post, apart from technical knowledge and that appointment to the post could be made only by screening and keeping in view the aptitude of a person for the special nature of the work. The Commission did not agree to the Government's proposal for the exclusion of the post from its purview on the ground that the Commission was already making selections even for highly technical posts such as Professors, Assistant Professors and Lecturers in Engineering College, etc. It also pointed out to the Government that the Commission selects candidates only after assessing each and every candidate's mental alertness, critical powers of assimilation, clear and logical exposition, soundness of judgement, patience to listen to the other man's point of view, modesty, leadership, firmness and intellectual and moral integrity

personality, bearing, extra curricular activities and other meriting factors and that it could not be said that the Commission could not select suitable candidates for appointment to the post in question.

But the Government in the Public (I & P.R.) Department, issued orders excluding the post from the Commission's purview in G.O.Ms. No. 2177, Public (I & P.R.) Admn. III, dated 22nd November 1978, inspite of the elaborate reasons put forth by the Commission for not agreeing to the exclusion of the post from its purview. The deviation in this case was against the accepted convention that the Commission's advice should be accepted except where matters of policy are involved or imperative reasons exist for not accepting the Commission's advice.

(B) Non-consultation with the Commission in regard to Appointments, Rules, Regulations and Disciplinary Action.

In G. O. Ms. No. 598, Co-oporation, dated 26th December 1975, orders were issued dispensing with the direct recruitment to the post of Co-operative Sub-Registrar in the Tamil Nadu Co-operative Subordinate Service on the recommendation of the Administrative Reforms Commission in that regard. A copy of the Govt. Orders referred to above was not communicated to the Commission and the Commission was not consulted before issuing the orders to do away with the direct recruitment to the post of Co-operative Sub-Registrar. As this was brought to the notice of the Commission by the Registrar of Co-operative Societies in another connection, the Government were requested to state the circumstances under which the Commission was not consulted before the orders were issued. The Government while enclosing an extract from the recommendations made by the Administration Reforms Commission stated that as they had to examine numerous issues simultaneously and take decisions on them, which were preliminary in nature, the Commission was not consulted and that the Commission would be consulted when the Special Rules for the Tamil Nadu Co-operative Subordinate Service were amended, consequent on the orders issued in the said G. O. According to the instructions issued in U. O. Note No. 4020/54-2, Public (Services), dated 11th September 1954, the Commission should be consulted before taking any decision affecting the method of recruitment or the principles followed in making appointments to posts within its purview and not merely at the time of framing of the rules or the amendments thereto. In the Commission's opinion, the decision taken by the Government without consulting the Commission to do away with direct recruitment to the post of Co-operative Sub-Registrar, which post is within its purview, is one affecting the principles followed in making appointments to the post in question and not a preliminary decision as alleged by the Government and the Commission should have been consulted before taking the

decision. The Government have violated their own instructions issued in this regard. The Commission trusts that such omission will be avoided in future.

(2) The temporary post of Manager, Regional Braille Press attached to Government School for the Blind, Poonamallee is governed by ad-hoc rules issued in G.O. Ms. No. 230, Social Welfare, dated 11th March 1977. The qualification prescribed for the post in the rules will apply to the appointment to the post by any of the methods specified therein. In G. O. Ms. No. 301, Social Welfare, dated 16th May 1978, the ad-hoc rules were amended so as to apply the qualifications prescribed therein for direct recruitment only and not for any other method specified in the ad-hoc rules. The said temporary post, being gazetted, is within the Commission's purview. Any amendment to ad-hoc rules affecting the qualifications prescribed for the post should be issued only in consultation with the Commission, with reference to provisions in Article 320(3) of the Constitution of India. As the Commission was not consulted before the amendment was issued in G.O. Ms No. 301, Social Welfare, dated 16th May 1978, the Government in the Social Welfare Department, were requested to state the reasons for not having consulted the Commission in the matter. The Government in reply stated that the concurrence of the Commission was not obtained before the issue of amendment to the rules due to oversight and that it might be condoned. The Commission trusts that such failure will be avoided in future.

GENERAL.

In October—November 1978, three Members and Secretary of the Kenya Public Service Commission visited Madras and had a discussion with the Chairman and Members of the Commission on the matter of working of the Commission.

In December 1978, the Chairman and Secretary of the Manipur Public Service Commission together with a representative of the Manipur Government visited this Commission and discussed the procedures and principles in the matter of taking over of private schools and colleges and integration of the services of the employees of the private institutions with the existing cadres in the Government besides matters of general interest.

ACKNOWLEDGEMENT.

The Commission records its appreciation of the willing Co-operation extended by various trusts, Educational Institutions and their Officers in the matter of providing suitable accommodation for the various examination held by the Commission.

The Commission is also grateful to the examiners and expert advisers, who inspite of their personnal inconvenience, readily accepted the Commission's invitations and assisted it in the conduct of different examinations and selections of officers to the various posts under the State Government.

Finally the Commission places on record its appreciation of the loyal and efficient service rendered by its staff throughout the year.

Performance of candidates appeared for the oral test for direct recruitment to the post of Assistant Director of Fisheries, observed by the Joint Director of Fisheries are as follows:—

"On the whole the general performance of the candidates regrettably, is poor. Persons coming for interview for the responsible posts must have at least prepared well for the oral test. Other than the departmental candidates only one candidate visited a Fisheries Office to get information of the nature of work of the Department".

"Most of the candidates could not answer properly even questions relating to their fields of study".

"One candidate who had done his Ph.D. on pollution was unable to explain the nature of his work nor of the general problems of pollution".

"One M.Sc., M. Phil. candidate who did "Limnology and Fishery Biology as special subject did not know the definition of the term "Limnology".

"Two candidates having the D.F.Sc. from Bombay did fairly well indicating the usefulness of this course. Among the departmental candidates a few were quite good with all round knowledge. But one or two were below average though a majority were above average".

"Taking the totality of candidates it canbe said that the performance of a majority of them was below par. No one could be classified as brilliant but a few were definitely good or above average including some departmental candidates".

The Director of Treasuries and Accounts has stated that the standard of technical attainments and performance of the candidates at the oral test for appointment to the post of Class III Posts viz., Senior Accounts Officers, etc., in the Tamil Nadu Treasuries and Accounts Service were average.

TAMIL NADU PUBLIC HEALTH SUBORDINATE SERVICE—SELECTION OF STATISTICAL ASSISTANTS—IMPRESSION ON THE STANDARDS OF THE TECHNICAL ATTAINMENTS OF THE CANDIDATES.

Only First Class candidates were called for the interview. Even though the candidates had secured First Class they were finding it difficult to answer the questions put to them on statistical methods.

Oral Test for recruitment to the post of Librarian in the department of Statistics in the T.N.G.S.S.

The oral test indicated that in General, the candidates had a fairly good technical knowledge of Librarianship. Nine candidates appeared for this interview. The performance of the most of the candidates were above average"

APPENDIX-B.

(Vide *Section VI of the Report*).

GROUP I SERVICES.

English Composition: Majority of the candidates attempted Precis—writing in a vague manner, stringing together many of the sentences from the original passage. In regard to Essay-writing, only a few candidates were found capable of lucid expression. Even the commonest words like 'Hijack', seemed unfamiliar to many. The general performance of the candidates on the whole was far below the post-graduate level.

General knowledge—Part I.—The performance of the candidates was not quite satisfactory. Only a few candidates were able to secure more than 50 per cent marks inspite of the questions being simple.

General Knowledge, Part II.—The candidates who answered in Tamil did better in essay type questions than their counterparts who had chosen to answer through the English medium. The performance of the candidates in general was not satisfactory.

English Language and Literature.—The performance of most of the candidates was ex remly poor the candidates showing in many cases absolutely no knowledge of the subject.

English—Shakespeare.—On the whole, the performance of the candidates was average.

English—History of English Language and Chaucer.—Some of the candidates were quite good and showed good knowledge of the subject. The general performance was average.

Tamil—Tamil Language and Literature.—The grammer part of the paper was done poorly by most of the candidates. The general performance of the candidates was far below average.

Telugu.—The candidates lacked in expression and the answers were inadequate. The general performance of the candidates was not satisfactory.

Malayalam.—On the whole, the performance of the candidates was not satisfactory.

Urudu.—The general performance of the candidates was average.

Hindi.—The performance of the candidates was poor.

Tamil.—(i) History of South India

(ii) Tamil Nadu and Culture

(iii) Comparative Philology of Dravidian Language.

(iv) Literary Criticism.

The performance of the candidates in general was not satisfactory.

Indian History.—The performance of the candidates in general was poor and disappointing.

History of Europe.—The general performance of the candidates was very poor and much below the standard.

Constitutional History of England.—The general performance of the candidates was not upto the mark.

Politics.—The general performance was not satisfactory.

Economics.—The performance of the candidates was deplorably low. Most of the candidates were ignorant of the basic facts of Economics.

Geography.—The general performance of the candidates was fair.

Philosophy.—The performance of most of the candidates was not upto the standard.

Mathematics (*Pure*).—The performance of the candidates was very bad.

MATHEMATICS (APPLIED).

The general performance was satisfactory.

STATISTICS.

The performance of the candidates on the whole was not satisfactory.

PHYSICS.

The general performance of the candidates was just on the average level.

CHEMISTRY.

In general, the performance was not good.

BOTANY.

The performance of the candidates this year was better on the whole.

ZOOLOGY.

The general performance was satisfactory.

Psychology.

The performance was average.

Geology.

The performance of the majority of the candidates was not satisfactory.

Hindu Law.

Candidates did their examinations fairly well.

Indian Constitutional Law.

The general performance of the candidates was poor.

Accounts and Audit.

The performance was satisfactory and encouraging.

Advanced Currency and Banking.

The performance of the candidates in the subject was above average, satisfactory and encouraging.

Contracts Including Marcantile Law.

Most of the candidates answered the paper well.

Sociology.—The performance of the candidates was on the whole satisfactory.

Community Development.—The performance of the candidates was very good.

Co-operation.—The performance of the candidates in general was quite satisfactory.

Public Administration.—The general performance of the candidates was good.

Social Science—The performance of the candidates was above average.

Agriculture.—The candidates having basic degree in Agriculture faired better. Others generalised the answers without answering specific points raised in the questions.

Agricultural Chemistry.—The performance of the candidates was satisfactory.

Agricultural Botany.—In general, the performance of the candidates was poor.

Horticulture.—In general, the performance of the candidates was better than in the previous year.

Microbiology.—The genral performance of the candidates was disappointingly below normal.

REPORTS FROM THE EXAMINERS ON THE PERFORMANCE OF THE CANDIDATES RELATING TO ASSISTANT CONSERVATOR OF FORESTS EXAMINATION (GROUP I-A SERVICES)

General Knowledge.—With reference to the valuation of the General knowledge paper for the recruitment of Assistant Conservators of Forests (Bachelor's Degree Standard) the candidates have done well.

Essay in English (Bachelor's Degree Standard).—

Candidates show knowledge of subject but poor in grammer and idiomatic expression.

Some of the students have done well and it is evident that thay have matter and good expression. The rest are poor in expression and grammar though they show knowledge of the subject.

Mathematics—Matriculation Standard.—

The general performance of the candidates is not bad. Since this is the first time that objective type of questions are included, the candidates were not probably familiar with the type of questions. It is observed that in Part A Questions, candidates have omitted Question IV (*a*) and (*b*) even though it is compulsory. This shows that Modern Maths had not been to the taste of students.

Optional subjects.—

1. *Botany.*—

There were twenty seven papers but more than 50 per cent showed, they had no botany background. The maximum happens to be 50 percent (fifty marks out of hundred). Taking into account the simple nature of the questions, better performance was expected this year. But not much improvement over last years' performance.

Handwriting, neatness in presentation and language are also sub-standard.

It is to be reported also that five students have done well.

Better luck next time.

2. *Zoology.*—

As regards the performances in both Group I(A) Services Examination a few candidates have done extremely well and most of other candidates have not taken it seriosly, Nevertheless, the general performance is satisfactory.

3. *Mathematics (Bachelors Degree Standard).*—

The performance of the candidates is very bad. The poor performance of the candidates cannot be due to difficulties in the question paper since only standard questions have been given.

Question VIII (*a*) (i) is wrongly given as $\frac{\tan mx}{\sin x, \cos x}$

It should have been $\frac{\tan m x,}{\sin x \cos x}$ However students who had attempted this question had taken the question correctly.

Chemistry (Bachelor's Degree Standard).—

Of the ten candidates examined barring two the performance of others are not satisfactory evidently they have not taken the examination seriously.

Physics (Bachelor's Degree Standard).—

The performance of the candidates was uniformly good.

All the questions were texual and experiment oriented (in Part I, II and III). A few questions of thought provoking type may be added.

Geology (Bachelor's Degree Stanard).—

The performance of two candidates were satisfactory. One candidate's performance was below average.

Mechanical Engineering (Bachelor's Degree Standard).—

The candidates have very poor knowledge in basic Laws of Thermodynamics, Lubrication systems.

He could not solve any problem. His performance is very poor.

Agriculture (Bachelor's Degree Standard).—

Six candidates have answered, the highest mark being 89 and lowest 58%.

All have answered well and the standard is above average.

Statistics (Bachelor's Degree Standard.).—

Out of three papers valued two papers were bad. But one answer paper was very good. This clearly shows that the question paper was not by any means tough. The misearable perfoimance of two candidates can be attiibuted solely to their lack of preparation as they have attempted only three or four questions out of the required twelve. All the candidates have written their answers in English only.

Civil Engineering (Bachelor's Degree Standard).—

With respect to the performance of the three candidates, who were expected to answer twelve questions of the short essay type, it can be stated that the general standard is just above aveiage.

Eventhough there was no problem assigned, considerable mathematical descriptions could have been given by the candidates. Except for one candidates others did not attempt mathematical description. One would expect good sketches to reinforce the answers; but sketching, if any, was below the expectations.

Reference could have been cited for Population Projection. But none attempted this.

It is suggested that standard texts could be assigned and question set on the contents of these books.

Chemical Engineering (Bachelor's Degree Standard)

The number of candidates appeared for this test is very low. So it is difficult to express a generalised opinion on the performance of the nandidates. However, one of the candidates has fairly done his examioation with clear express but the other has done it badly with not much cf clear expression and thinking.

REPORTS OF THE EXAMINERS FOR GROUP II SERVICES. (BACHELOR'S DEGREE STANDARD). EXAMINATION HELD IN DECEMBER 1977--FEBRUARY 1978.

English Composition.

The general Standard of performance of the candidates was far from satisfactory and below the required standard.

General Knowledge.

The performance of the candidates in general was satisfactory.

English Language and Literature.—The performance of the candidates was poor.

English—History of English Literature.—The performance of the candidates was not satisfactory.

English—Social History of England.—The performance of the candidates was not satisfactory.

Tamil—Language and Literature.– The standard of performance of the candidates in general was not up to the mark.

Tamil—History of South India and Elements of Comparative Grammar of the Dravidian Languages and History of Tamil Language and Literature.

The performance of the candidates was just the average. Most of the candidates seem to have appeared for the examination without preparation. The answers were vogue and evasive.

Tamil—Tamil Nadu and Culture and History of Tamil Culture.—The performance of the candidates was average.

Telugu—Language and Literature, History of Telugu Literature and Historty of Andhra Desa and Andhra Culture.—The performance of the candidates was very poor.

Malyalam—Language and Literature, History of Malayalam Literature and History of Kerala and Culture.—The performance of the candidates was satisfactory.

Urdu Language and Literature.—The performance of the candidates can be considered to be satisfactory.

Kannada—Language and Literature, History of Kannada Literature History of Karnataka and Culture.—The performance of the candidates was satisfactory.

Hindi—Language and Literature.—The performance of the candidates was satisfactory.

Hindi—History o Hindi Literature.—The performance of the candidates was just above average.

Hindi—Indian History and Culture.—The performance of the candidates was not upto the standard.

Arabic Language and Literature, History of Arabic Literature, Literary Criticism.—The performance of the candidates was on the whole fairly satisfactory.

Indian History—The performance of the candidates in general was satisfactory.

HISTORY OF EURODE.

The performance of the candidates was not on the whole unsatisfactpry.

CONSTITUTIONAL HISTORY OF ENGLAND.

The general standard of performance was unsatisfactory.

POLITICS.

The performance of the candidates excepting a few, was generally satisfactory.

ECONOMICS.

The general performance of the candidates was not satisfactory.

GEOGRAPHY.

The performance of the candidates was very satisfactory.

PHILOSOPHY AND PSYCHOLOGY.

The performance of the candidates was of average standard.

MATHEMATICS (PURE AND APPLIED).

The performance of the candidates was not satisfactory and bel verage.

STATISTICS.

The general performance of the candidates was not good.

PHYSICS.

On the whole the general performance of the candidates was below average and very poor.

CHEMISTRY.

The performance of the majority of the candidates was very poor.

BOTANY.

In general the performance of the candidates was not satisfactory and was not upto the standard.

ZOOLOGY.

The performance of the candidates excepting a few was far below the standard.

GEOLOGY.

The performance of the candidates was satisfactory.

INDIAN PENAL CODE.

The performance of the candiadates was unsatisfactorsy. Their answer revealed poor knowledge of Law. They have also committed plenty of spelling and grammar mistakes.

INDIAN CONSTITUTIONAL LAW.

The general performance of the candidates was very poor.

SOCIAL SCIENCE.

The performance of the candidates was satisfactory.

AGRICULTURE.

The performance of the candidates was average.

AGRICULTURAL BOTANY.

The general performance of the candidates was good.

Accounts and Audit.

The general performance of the candidates was average.

Banking and Mercantile Law.

The general standard of performance was horribly poor.

Anthropology.

The performance of the candidates in general was satisfactory

Biology.

The performance of the candidates was not upto the mark.

Home Science.

The performance of the candidates was above average.

Community Development.

The general performance of the candidates was not bad.

Co-operation.

The general performance of the candidates was satisfactory.

History of Civilization

The performance of the candidates on the whole was good.

Business Organisation and Administration

Candidates were not able to express the point precisely and exactly. They gave descriptive answers and there was no evidence of having read standard books on the subjects.

Indian Culture and Fine Arts.

The performance of the candidates in general was good.

Sociology.

The general standard of performance of the candidates was better than that of last year qualitatively and quantitatively.

GROUP III SERVICES.

(P.U.C. Standard.)

1977—78.

English Composition.—The general performance of the candidates was not satisfactory.

General Knowledge.—The performance of the candidates in general, was good.

Language Translation and Composition.—*Tamil.*—The performance of the candidates was in general satisfactory.

Hindi.—The performance of the candidates was satisfactory.

Mathematics.—The performance of the candidates was not satisfactory.

Physics.—The performance of the candidates was not upto the standard.

Chemistry.—The performance of the candidates was average.

Natural Science.—The performance of the candidates in general was average.

Indian History.—The performance of the candidates on the whole was not good.

World History.—On the whole, the performance of the candidates was satisfactory.

Geography.—The performance of the candidates in general was poor.

Elements of Commerce.—The performance of the candidates in general was average.

Elements of Economics.—The performance of the candidates was just, average.

Elements of Politics.—The performance of the candidates was very poor.

Logic.—The performance of the candidate was below average

Psychology.—On the whole the performance was average.

Household Arts.—The performance of the candidates was satisfactory.

General Science.—The over all performance of the candidates was satisfactory.

Social Studies.—The performance of the candidates was satisfactory.

GROUP VI SERVICES.
FOREST APPRENTICE—1978.

English.—The performance of the candidates was satisfactory but as far as the Standard was concerned, there was no uniformity.

General Knowledge, Paper I—The general performance of the candidates was very poor.

General Knowledge, Paper II.—The general performance of the candidates was satisfactory.

Mathematics (*Paper I*).—The general performance of the candidates was good.

Mathematics (*Paper II*).—The performance of the candidates was generally good.

Mathematics (*Optional*).—The performance of the candidates was poor.

Physics.—The performance of the candidates was satisfactory.

Chemistry.—The general performance of the candidates was not very good.

Botany.—The performance of the candidates was just average.

Zoology.—The performance of the candidates was quite satisfactory.

GROUP VII SERVICES.
(EXECUTIVE OFFICERS GRADES II AND III IN THE TAMIL NADU HINDU RELSGJOUS AND CHARTABLE ENDOWMENTS SUBORDINATE SERVICES) —1979.

English Composition.—Thz overall performance of the candidates was not upto the mark ; judging from the prevailing general standard, it was not so very deplorable.

General Knowledge.—The general performance of the candidate was below average.

இந்து மத இணைப்பு விளக்கம்.

The performance of the candidates was not upto the marks ands satisfactory.

English composition—The overall performance of the candidates was not upto the mark; judging from the prevailing general standard t was not semuch deplorabie

SPECIAL TESTS EXAMINATIONS—MAY 1978.

EXTRACT FROM THE REPORTS OF EXAMINERS.

1. THE ACCOUNT TEST FOR EXECUTIVE OFFICERS.

The performance of the candidates was satisfactory.

2. THE CIVIL AND CRIMINAL JUDICIAL TEST FOR MEMBER OF THE JUDICIAL DEPARTMENT, PART I.

The performance of most of the candidates was very average and some below the average.

3. THE CIVIL AND CRIMINAL JUDICIAL TEST FOR MEMBERS OF THE JUDICIAL DEPARTMENT, PART II.

The performance of the candidates was not satisfactory. Candidates alcked general knowledge and correct application of the principles.

4. THE CIVIL AND CRIMINAL JUDICIAL TEST FOR MEMBERS OF THE JUDICIAL DEPARTMENT, PART—III.

The performance of the candidates was satisfactory.

5. THE REVENUE TEST PART I—FIRST PAPER.

Verbatim copying from books without understanding the subject matter was evident. The general performance of the candidates was only average.

6. THE REVENUE TEST, PART I—SECOND PAPER.

A majority of the candidates had given lengthy answers part of which had little or no relevance to the questions. However, the general performance of the candidates was satisfactory.

7. THE REVENUE TEST, PART II.

The performance of the candidates was satisfactory Verbatim copying from books was noticed.

8. THE REVENUE TEST, PART III.

The performance of the candidates was fairly good.

9. THE ACCOUNT TEST FOR HIGHWAYS AND RURAL WORKS DEPARTMENT OFFICERS AND SUBORDINATES.

The performance of the candidates was not satisfactory. Answers revealed absolute want of experience and practical knowledge of the Accounting procedure.

10. THE CRIMINAL JUDICIAL TEST, PART I.

The performace of the candidates was not satisfactory. Candidates had difficulty in understanding and answering questions. The standard of English was poor.

11. THE CRIMINAL JUDICIAL TEST, PART II.

The performance of the candidates was fairly good.

12. THE CRIMINAL JUDICIAL TEST, PART III.

The performance of the candidates was satisfactory.

13. THE JAIL TEST, PARTS I AND II

The performance of the candidates was just average. Candidates attempted more reproduction of the sections and rules in the various Acts and Rules.

14. THE ACCOUNT TEST FOR PUBLIC WORKS DEPARTMENT OFFICERS AND SUBORDINATES.

The performance of the candidates was good.

15. THE ACCOUNT TEST FOR SUBORDINATE OFFICERS, PART I.

Most of the candidates had not taken the examination seriously. Verbatim copying without any relevance to the questions was common Many of the candidates had not mentioned the correct question numbers and subdivisions. Relevant rule or authority has not been quoted for the answers. On the whole the performance of the candidates was not satisfactory.

16. THE ACCOUNT TEST FOR SUBORDINATE OFFICERS, PART II.

The performance of the candidates was satisfactory. Verbatim copying from books was noticed. Candidates failed to indicate question numbers correctly.

129—96—11

17. THE AGRICULTURAL DEPARTMENT TEST FOR MEMBERS OF THE TAMIL NADU MINISTERIAL SERVICE IN THE AGRICULTURE DEPARTMENT.

Most of the candidates seem to have appeared for the test without any preparation. They simply copied the answers from the Department Manual. The general performance of the candidates on the whole was far from satisfactory.

18. THE AGRICULURAL DEPARTMENT TEST FOR THE TECHNICAL STAFF IN THE AGRICULTURE DEPARTMENT

The performance of the candidates was generally satisfactory.

19. THE TRANSLATION TEST.

Tamil—The performance of the candidates was satisfactory.

Telugu—The translation from English to Telugu was fairly well done. The translation from Telugu to English was not up to the standard.

Malayalam.—The translation from Malayalam to English was not of a high standard.

Hindi.—The performance of the candidates was far below the standard.

20. THE DISTRICT OFFICE MANUAL TEST.

Most of the candidates had copied from the books verbatim. Some candidates had even copied wrong answers but verbatim lack of preparation of the candidates had resulted in lengthy answers. They had not taken pains to understad the real import of the questions. However on the whole, the general performance was satisfactory.

SPECIAL TESTS EXAMINATION—NOVEMBER, 1978.

EXTRACT FROM THE REPORTS OF EXAMINERS.

1. THE ACCOUNT TEST FOR EXECUTIVE OFFICERS.

The performance of the candidates, on the whole was not satisfactory.

2. THE CIVIL AND CRIMINAL JUDICIAL TEST FOR MEMBERS OF THE JUDICIAL DEPARTMENT, PART I.

Most of the candidates had not taken up the examination seriously and many had answered in a superficial way. However, some candidates had answered well.

3. THE CIVIL AND CRIMINAL JUDICIAL TEST FOR MEMBERS OF THE JUDICIAL DEPARTMENT, PART II.

The candidates had mechanically copied their answers from the books without applying their mind for the correct application of rules. The performance was not satisfactory.

4. THE CIVIL AND CRIMINAL JUDICIAL TEST FOR MEMBERS OF THE JUDICIAL DEPARTMENT, PART III.

The performance of the candidates was good.

5. THE REVENUE TEST, PART I—FIRST PAPER.

Tendency among the candidates to quote extensively and to give long answers was noticed. However the general performance of the candidates was above average.

6. THE REVENUE TEST, PART I—SECOND PAPER.

The performance of the candidates was in general average, though in a few cases, expression was lacking.

7. THE REVENUE TEST, PART—II.

The performance of the candidates was below average. Only handful of candidates have shown originality while answering the questions, relating to village level administration.

8. THE REVENUE TEST, PART III.

The Standard of performance of the candidates was generally poor.

9. THE ACCOUNT TEST FOR HIGHWAYS AND RURAL. WORKS DEPARTMENT OFFICERS AND SUBORDINATES.

The performance of the candidates was poor and showed that enough preparation and study had not been made by the majority of the candidates.

10. THE CRIMINAL JUDICIAL TEST, PART I.

The performance of the candidates in the paper with books was quite well whereas the performance of the candidates in the paper without books was not very satisfactory. The average standard was mediocre On the whole, the written English was poor.

11. THE CRIMINAL JUDICIAL TEST, PART II.

The performance of the candidates was not satisfactory.

12. THE CRIMINAL JUDICIAL TEST, PART III.

The performance of the candidates was good.

13. THE JAIL TEST, PARTS I AND II.

Most of the candidates had copied the answers from the book verbatim without writing in their own language. Those who answered in Tamil did comparatively well. The overall performance was just average.

14. THE ACCOUNT TEST FOR PUBLIC WORKS DEPARTMENT OFFICERS AND SUBORDINATES.

The performance of the candidates in the First Paper was good whereas the performance in the Second Paper was not upto the desired level.

15. THE ACCOUNT TEST FOR SUBORDINATE OFFICERS, PART I.

The General Performance of the candidates on the whole was satisfactory. By and large candidates have exhibited understanding of the procedures and rules contained in the Codes and Manuals.

16. THE ACCOUNT TEST FOR SUBORDINATE OFFICERS, PART II.

The performance of the candidates was good.

17. THE AGRICULTURAL DEPARTMENTAL TEST FOR MEMBERS OF THE TAMIL NADU MINISTERIAL SERVICE IN THE AGRICULTURE DEPARTMENT.

Most of the candidates had copied from the book verbatim. The performance of the candidates was far from satisfactory.

18. THE TRANSLATION TEST.

Tamil.—The General Performance of the candidates was fair.

Telugu :—The performance of the candidates was poor.

Hindi.—There was appreciable improvements in the performance compared te the last examination. However the standard of the candidates was far below the requirements,

(19) THE DISTRICT OFFICE MANUAL TEST.

Most of the candidates had copied the relevent paragraphs of District Office Manual Test Verbatim. The answers written inTamil were better than those written in English. On the whole the performance of the candidates was satisfactory.

REPORT OF THE EXAMINERS OF THE DEPARTMENTAL TESTS—MAY 1978.

"LIST OF HOWLERS"—GROUP IX SERVICES, 1978—ENGLISH

"Beggers are standing temples. They doing nuisance to those who come Worshi."

"Some people think begship was herditary".

"14 Languages are speaking in India".

"Rise down the price of every day found of rise, wheat and other things."

"I applied the application of the Sub-Inspector of Police."

"I selected the selection committee........"

It gives very sorry in my life. So please you don't give post in the untime. You say the delivery postmen in the correct time.

"We must hard work the begger problem not live in India. There is a no begger problem in India."

"Every man have not been born as a begger. By their achievement and fatenan may should be converted to begger.

BRIEF REPORT—ENGLISH.

I did not find any "Howlers" as such but expressions certainly bring a smile to one's lips e.g. Unfair copy (for Fair Copy) Your majority the Post Master, 'Steal Industry' (Jamshedji will turn in his 'grave') 'God (help us; (To a friend: instead of God bless us:)

A fine 'back formation' to revolate from 'revolution' (Why not, I ask, Dont't we have 'Burgle' from burglar 'Revolue' does not serve the purpose it is clear.

One is thinking that Gandhiji died on 26th August 1948.

A few have committed awful errors in Spelling, grammar and usage:

SPELLING.

begger (beggar), Plane (Plan), Happi (happy), lone (loan) all way: (always), jop (job), First up all (First of all), Comity (Committee), Adres (Address), writting (writing), Demogracy (Democracy), Dectatership (dictatorship P.)?

Regarding the grammar the elementary knowledge of the sentence contruction is lacking in the most cases.

Plural form :—man-mans (Men).

Children—Childrens (Children).

Some have failed to observe when using the singular or plural noun in the subject part.

Eg.:—we wants, they says, I has send the policy, everybody have a small houses, we are think.

Committing mistakes when using the Tense forms :?

Eg. will destroyed, droved while paples.

Failing to note the plural nouns when using the superlative degree such as

One of the most beggest country (countries).

Regarding the usage of words some have failed to discriminate True Copy and fair copy. Some have used it as original copy.

Howlers :—The poem has not been clearly understood by most of the candidates. A few have written the paragraphs according to their whins and fancy.

Mistakes. (1)	*Remarks.* (2)
They have remember	Verb group.
The problem of the beggars are very much alloted. ..	Wrong word (many) spelling.?
innosent, belive (for innocent, believe) surly (for surely).	
Messerments, Scarsty	Spelling
In anotner way with steam power we can produce electric power.	Faulty idea.
For example in Neively we get the seam power. (Steam).	Spelling
Nothing add more to my pen	Expression.
The villages are exploited and spoiled by the - lavotories and drains.	Voice expression.?
Oppiniyen, repply, conclution	Spelling.
He can (be) able to come to our street Ruf cafe and fare cape. (for rough copy and fair copy).	Ref. Precis.
Thank you for your valuable books which are sent by your company dated on October, 25, 1975.	
The books have been received by goods train Fullfill (for fullfil), decipline oppertunity people.	Spelling
I don't no (know) conclution; back round (g)	Do.
This village root bus comes with correct times.	Do.
Begger (for Beggar) (Common in so many cases 'ittar (letter), Populasion.	
Civier action, yours loveing friend	Do.
In our India the Failure of rain falls in often done.	Expression

I have been writtened in T.N.P.S.C. examination.	verb group.
In India democracy is eligible (for suitable) ..	wrong words and construction.
"Please take kind action towards the reasonable person (for kindly take action against the person responsible for this).	expression.
He (the beggar) not used for any work (useful)	expression.
Completed the beggar problem (solved) ..	expression.
To improve beggar problem	expression.
Because the Indian peoples are very somparikals and many more howlers of various kinds.	Number and expression.

GENERAL KNOWLEDGE—GROUP IX

"Vascodogama" as the author of "Discovery of India".

Florence Nightingale has been referred to as king of Florence.

Md. Ali is stated as the Chief Minister of Kahshmir.

I liad is said to be written by Omen.

Divine Comedia	Poet Kannadasan
Freedom at Midnight	Mahatma Gandhi.
